

RK RUBBER®
CUSTOM PARTS FABRICATOR

A tradition of service

Lead by example; these three simple words have defined our "head guy" Don Gutknecht his entire life.

As a young boy, Don was of service to his community in becoming an expert dog trainer, enriching the lives of dogs *and their owners*-and continues to do so to this day. He gave service to his country as a Sergeant in the Korean War. He lives a life of service, having married, raised a family, and now nurtures the third generation Gutknecht's. And he is ever an example to his family in service to his Lord.

It is those same leadership and service principles that have guided RK RUBBER all these years. So it is with great happiness that we salute our leader Don on his 85th birthday - TODAY! We are all blessed to walk, work, and wonder in this world with you.
