

It's no secret that I love winter. Jump on my sled and blaze a trail through some fresh powder... sweet! Cruise the backcountry relaxed on a wonderfully groomed trail... sign me up. Another great thing about winter (at least every four years) is getting to watch the Winter Olympics. I am inspired by the excellence these athletes achieve under the greatest of pressures.

We all at RK RUBBER give a nod to all those that are dedicated and work hard every day – driven by passion. Inspiration and life lessons... just more gold to mine from the Olympics.

GO USA!

Dell Gutknecht
General Manager

Open Cell Sponge
Laminated with White FDA
Nitrile Sealing Strip

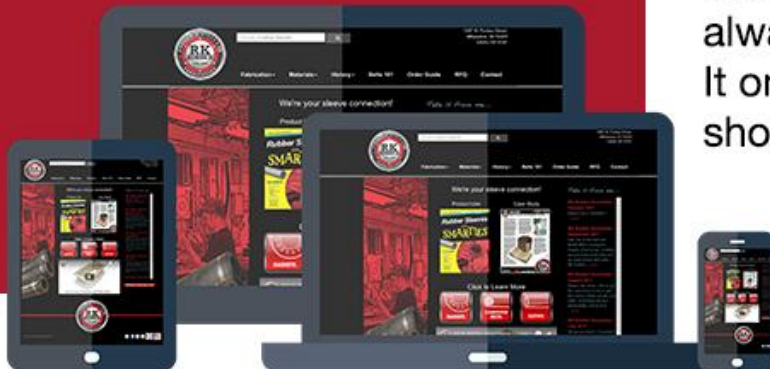

Solid Silicone Extrusion

NEW Responsive Functionality

Our approach to business has always been to be “responsive.” It only follows that our website should do the same.
