

Breakdowns are no fun and usually happen at the worst times. It's exactly then when you need a trusted resource with the experience, knowledge, and empathy to make things right and make things move again. RK's Field Service goes the distance and makes things right; time after time. When your belt hits the ground, our rubber hits the road.

“ We go the distance ”

Dell Gulknecht
General Manager

You break it... we fix it!

We have the equipment and know what to do with it. Years of experience have made us the go-to-guys for belt splicing. We quickly survey the breakdown situation and recommend a best-practices solution. Then we execute it.

“ We practice what we teach. That's what an industry leader does.”

Andy Gutknecht
Sales/Service

Lots of companies say “24/7” repairs. We mean it. So much so that we put our magnet and 800 number at every convey belt we can; for us sure... but mostly for you!

[We are the experts!](#)

EXPERIENCE = SOLUTIONS
