**Time marches on...**

Dell Gulknecht  
General Manager

For RK RUBBER – the company, time flies... 120+ years in business and counting. For me, the weekends go by way too fast... work days – not so much (ha). I'm at that point when I think of something happening "a few years ago" friends remind me it was more like 15 or 20 years ago... yikes!

One often hears that "time flies when you're having fun." Hours go by faster too when you're doing something you like. I must really be having a ton of fun and like what I'm doing because there never seems to be enough hours in my days. Where does the time go?

**“ We make the time ”**
