

I am proud of AND value my long standing membership in NIBA. The relationships and friendships and knowledge sharing is what it's all about. The fact that I get to be an instructor for the training sessions is a bonus. Being on the cutting edge of our industry's best practices keeps me sharp... pun intended.

All I can say is – if you have never been to a NIBA Technical Seminar, you are missing out on some of what's best from your association. Hit the link in the box below, learn more and sign up!

**“ See you at school ”**

Dell Gulknech, General Manager
