

REICHEL-KORFMANN CO., INC.

RK RUBBER

Die Cutting

There's a reason
we've been around
for over
115 years!

Experience = Solutions

Proudly
made in the U.S.A.
using only the highest
quality materials.

We Value Your Dollars and Sense

With over 115 years of experience, RK Rubber understands your need to be efficient in order to be profitable. That's why we offer quality products that meet ASTM standards and try to eliminate the

need for product replacement. Our durable rubber products, along with our reliable die cut machinery, provide the value you are looking for.

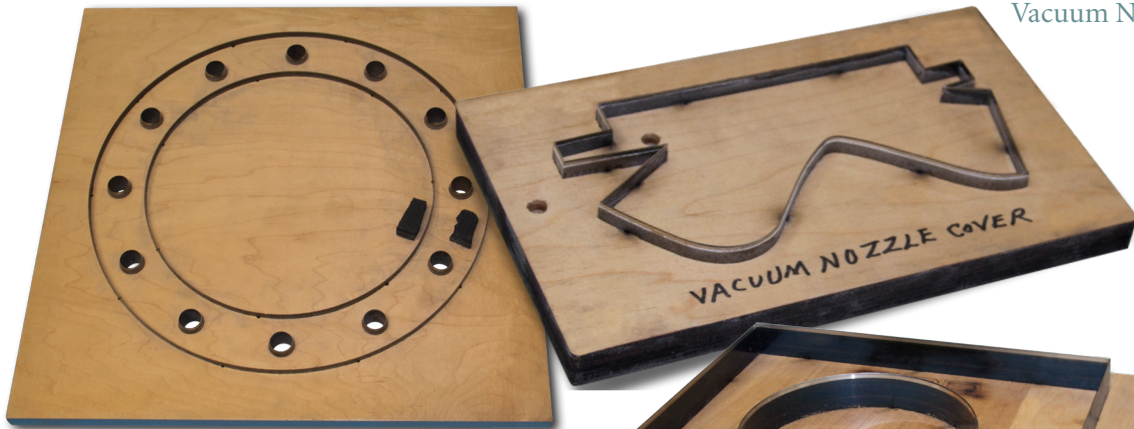

We Cut to Fit

Our quality equipment and top-notch team of employees allows us to fulfill your specific needs. RK Rubber wants to make sure that when we die cut, we are fitting your specifications correctly whether your need is food contact, chemical resistance or an abrasion

resistance application. Our tools and material experts are available to fit your requests.

Solution? No Problem.

Problem: An international manufacturer of custom electric motors and gear motors needs to replace outdated sealing materials in several assemblage applications. This material upgrade would ultimately have a positive effect on all fractional horsepower permanent magnet DC motors, brush motors, DC micro motors, series wound universal motors and custom electromechanical motors.

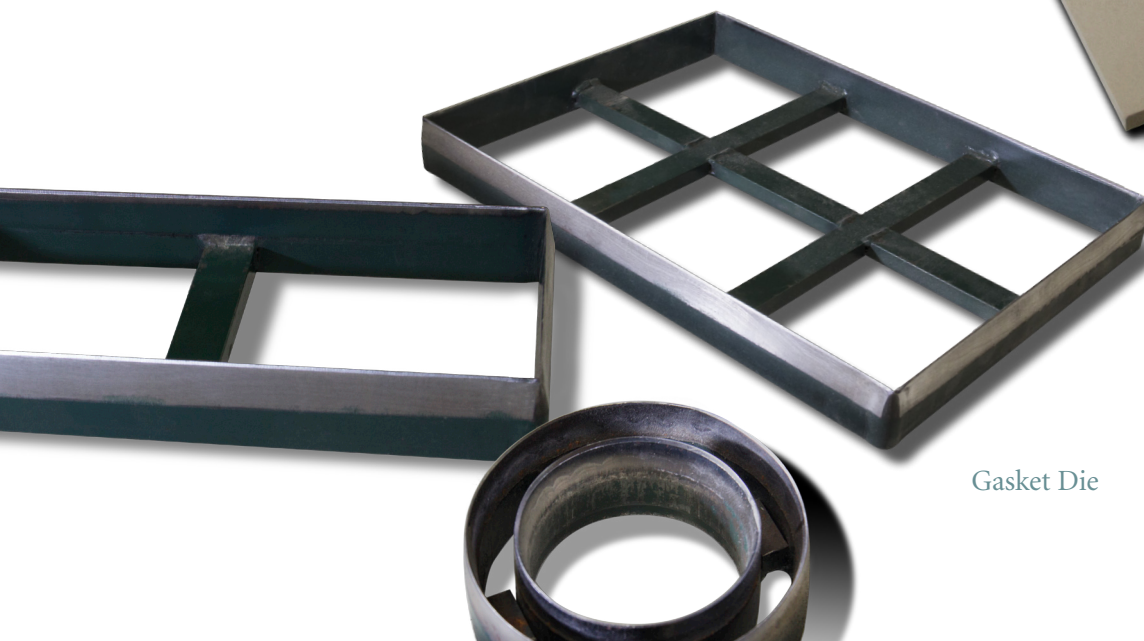

RK Solution: In-depth industry knowledge of proper materials and sourcing along with a craftsman's approach to short run die cutting gives RK Rubber the advantage when it comes to high tolerance deliverables. Product engineers were more than pleased with the new material upgrades RK Rubber produced. Full line product material spec upgrades were incorporated.

Rubber Gasket Order Form

RK Rubber provides high-quality rubber gaskets and numerous industrial rubber components.

Complete the order form for our standard rubber gaskets and be sure to include your dimension specs noting the type of measurement you used (inches, centimeters, etc.).

Custom rubber or silicone gasket fabrication is available from RK Rubber. We provide quick turnaround and accommodate short or long production runs. Contact us for a custom order quotation.
