

**RK RUBBER®**  
CUSTOM PARTS  
FABRICATION

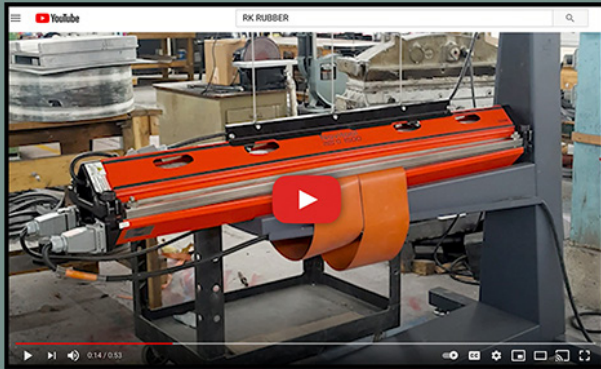

**Equipt to work!**

Dell Gulknecht, General Manager

Equipt or equipped... I don't really care how you spell it... what matters is that we are! I make sure my crew is provided or fitted out with what is necessary or useful or appropriate to get the job done; *the right tools, working conditions AND smarts!*

That's always been my commitment to my customers... "Experience equals solutions" ... we live it, we work it. Give us a call – send us RFQ... you'll quickly notice the RK RUBBER difference.
