

# Making a difference...

Dell Gulkecht, General Manager

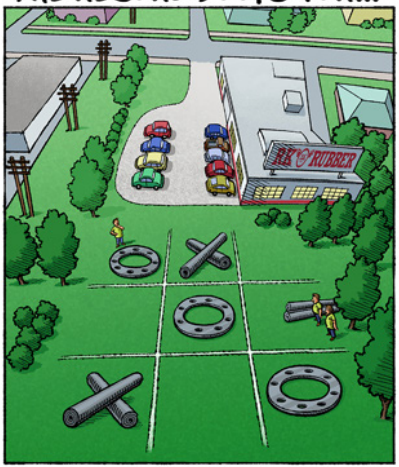

We make things at RK RUBBER. Captain Obvious is shaking his head “yes” on that. We manufacture, we fabricate, we make custom parts. I’d like to think we also make a difference. Through respect and professionalism, we make a difference with each other. That in turn reflects outwardly as we make a difference for our valued customers. We answer phone calls and emails. We keep deadlines and promises. In industry these days, those practices can make all the difference!

## RK RUBBER MADE IT INTO THE RECORD BOOKS FOR...

### THE WORLD'S LARGEST TIC TAC TOE GAME!

Just when we think we’ve seen it all, along comes a customer with a need for a completely new part.

Our attitude? Bring it on!
