

Bye-bye 2021...

Hey '21, don't let the door hit your ass on the way out. Over it. Movin' on. Oh and, Happy New Year!

I for one (and most likely many), am glad to start a fresh new year. We all have our reasons and maybe even share a bunch; unprecedented events being at the top of the list. But this Dell won't dwell... I'm looking forward and leading by example. Because here at RK RUBBER, we walk the walk and talk the talk when it comes to "experience = solutions."

"2022, ready or not, here we come."
