

RK RUBBER®
CUSTOM PARTS
FABRICATION

The Shop Floor is Buzzing!

We are flying around here. As fast as we can fabricate it; it's out the door. As quickly as that rubber can be vulcanized... as soon as we can punch that die... as the rush orders get... you get the idea. It is a good problem; I just have to make sure it ain't yours. That's my commitment and that's what RK RUBBER delivers every day.

"Be thankful for problems. If they were less difficult, someone with less ability might have your job."

-Jim Lovell
