

Gaskets • Sleeves • Vulcanizing • Conveyor Belts • Fabrication • Die Cutting • Seals

Well June has arrived, and has brought us some summer weather. Time to get outside and enjoy the great outdoors. I for one have set a goal to go for a weekly walk in the trees, which means trying to get out and golf. Been a couple of years since I was physically able to do so. It gives me time to reflect on the good times I had with my Dad playing horrible golf on Father's Day. He couldn't hit it long and I couldn't hit it straight, it really wasn't cart golf. It didn't matter we were both doing

something we wanted to do, with someone we respected and learned a lot from thru the years. We can't play golf together anymore as we lost my Dad in 2019, only a lot of memories remain. Personally, I have five kids, and the oldest turned forty this year. I cannot believe I am getting that old, I guess time flies when you're having fun. My message for all who are fortunate to still have Dad around thank your Dad this Father's Day, without him you would not be who you are. For me I will re-live some of those memories I made over the years. Keep making memories with those you love; you never know what tomorrow brings.

Dell Gutknecht
General Manager

Happy Father's Day!

"The older a man gets, the more he values everything his dad gave him."

The Dad Crew at RK RUBBER

Gift Ideas for Dad (who doesn't need a new belt?)

Separator Belt 3" High Cleats

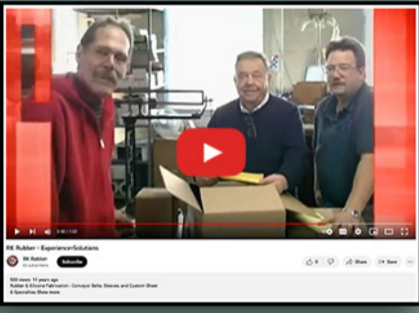

Heavy Duty 750# PIW Conveyor Belt with V Guides Each Edge and Flexco Fasteners

V-Guided Light Weight Belts

Flashback Friday Video

RK RUBBER capabilities video – catch the cameo appearances of some of the key fathers that had major roles in making this our 125th year in business.

Historical Fun Fact

Don Gutknecht, owner and president of RK RUBBER from 1967 until 2016 simultaneously owned the Animal Motel. The "kennel" was one of the area's most respected training and boarding facilities in its day. During his lifetime (from teenager up until the day he passed in 2019), Don trained countless owners and their dogs; too many to even estimate. His positive impact on the lives of pets and their owners can still be felt today.
