MATERIAL HANDLING

Gaskets • Sleeves • Vulcanizing • Conveyor Belts • Fabrication • Die Cutting • Seals

I've been thinking about our company's tagline "Experience = Solutions" during this 125<sup>th</sup> Anniversary year. We've sure stacked up a lot of industry knowledge over the course of time. I also find myself pondering the wise old saying work smarter... not harder."

Hmmm, my head is telling me I'm working smarter. My body on the other hand, is telling me I'm working waaaaay too hard. That's probably the recipe for success here at RK RUBBER — we work as hard as we can until it smarts!

Dell Gutknecht  
General Manager

Historical Fun Fact

In 1918 RK RUBBER became the first Wisconsin distributor for B.F. Goodrich rubber products, a relationship that lasted for decades.

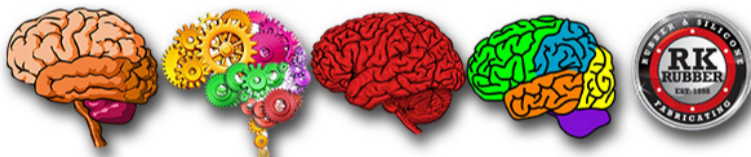

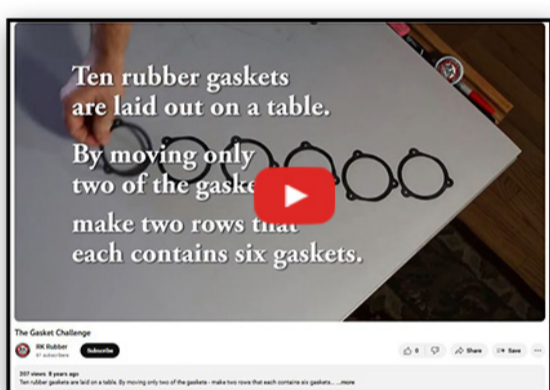

RK RUBBER<sup>®</sup>  
EST. 1898

2023 NIBA CONVENTION

This year's NIBA convention was a reunion of old friends Dick McConnell (left) retired from Flexco, Mike Cremeens from Almex Group - both NIBA Hall of Famers. Myself in the middle. The three of us spent years volunteering our time to present HW trainings for NIBA together. I only pray the three of us will be able to get together again. There are many great memories from past trainings, these two gentlemen are truly good friends. Remember life is short. Make a memory. –Dell

 **EXPERIENCE = Solutions**
