Happy Thanksgiving!

All year, we here at RK RUBBER have been celebrating our 125th Anniversary as a company and we have been giving thanks. So, it makes sense as the official holiday of giving thanks approaches, I reflect and give thanks on what has made this special anniversary achievable.

The founding fathers – Mr. Reichel and Mr. Korfmann, and my father, Don Gutknecht – without their vision

and dedication, this company would have been history. I want to thank my wife and children – their ongoing support and dedication makes every day and all the years possible.

To all my loyal employees (past and present) – you are respected craftsmen and my extended family... forever grateful for you. And to all the customers, vendors, industry associates and business relationships over this time together... a most genuine "Thank you."

Dell Gutknecht
General Manager

Our people are the difference

The craftsmen at
RK RUBBER have
a simple goal:
Be the number-one
supplier of specialized
rubber parts
and components.

EXPERIENCE = *Solutions*
