Merry Christmas and Happy New Year!

In the midst of all the hustle and bustle of the holiday season, take time to be present and to enjoy. I think I am writing more as a reminder for me (ha)... but also to share with you. The years of experience have taught me many lessons – especially when I am open to them.

As our 125th Anniversary year comes to an end, I will be looking at how history repeats itself. I'll make note from the lessons of what works and what should be repeated. I'll also do my best to decern from this historical review of what not to repeat; always learning... right?! May you do the same.

Cheers,
Dell
