MATERIAL HANDLING

Gaskets • Sleeves • Vulcanizing • Conveyor Belts • Fabrication • Die Cutting • Seals

We are getting comfortable in “the new house.” I’m even starting to remember where all the light switches are! In all seriousness, my team of craftsmen are in full stride. We be crankin’!

All that means is more for you. As a valued customer, you have certain expectations and rightly so... I want RK RUBBER to exceed them. Hit us with your purchase orders and RFQ’s... proof is in the making. What can we MAKE for you?!
