RK RUBBER®

CONSTRUCTION / MINING

MATERIAL HANDLING

Gaskets • Sleeves • Vulcanizing • Conveyor Belts • Fabrication • Die Cutting • Seals

Christmas did come early for RK RUBBER this year as we were able to move into a new building. The search for the right facility that hit all my requirements was an arduous one. The wait and effort were well worth it, and these these “new” walls are echoing the sounds of a

vibrant manufacturing plant. Santa’s helpers would have a tough time keeping pace.

To our valued customers, “Thank you for your partnership and support this year. We hope you have a wonderful holiday season.” To my family, friends, and loyal employees, “Thank you for your endless support and hard work.”

Wishing you all a happy and restful holiday.
