RK RUBBER®

CONSTRUCTION / MINING

MATERIAL HANDLING

Gaskets • Sleeves • Vulcanizing • Conveyor Belts • Fabrication • Die Cutting • Seals

Q1 is almost in the books. How about that? RK RUBBER has notched up a few of those...

...seeing as this company was started in 1898, you do the math.

What sustains this awesome run is consistently meeting expectations — yours.

I lean on “OUR BIG 3” gaskets / conveyor belts / sleeves as the foundation of our deliverables. We set the standard for the rest to follow. So, whether it’s one of those or a fabricated rubber part that fits your need, lean on RK RUBBER.

Dell Gutknecht
General Manager

“OUR BIG 3”

Separator Belt 3" High Cleats

Hand Cut Flange Gasket

White FDA Nitrile Sleeve

Conveyor Belts

We fabricate rubber conveyor belts in our own production facility using state-of-the-art equipment.
