

Gaskets • Sleeves • Vulcanizing • Conveyor Belts • Fabrication • Die Cutting • Seals

To cite one of my favorites, “We shape our buildings; thereafter, they shape us.” – Winston Churchill

That is certainly the case here with our new facility.

Our dedicated work zones, designed specifically to increase productivity, are all producing far above expectations. Customer satisfaction, high-quality deliverables, and turn-around times that exceed industry norms; this building (and the people in it) are rockin’.

Dell Gutknecht
General Manager

MUST SEE!

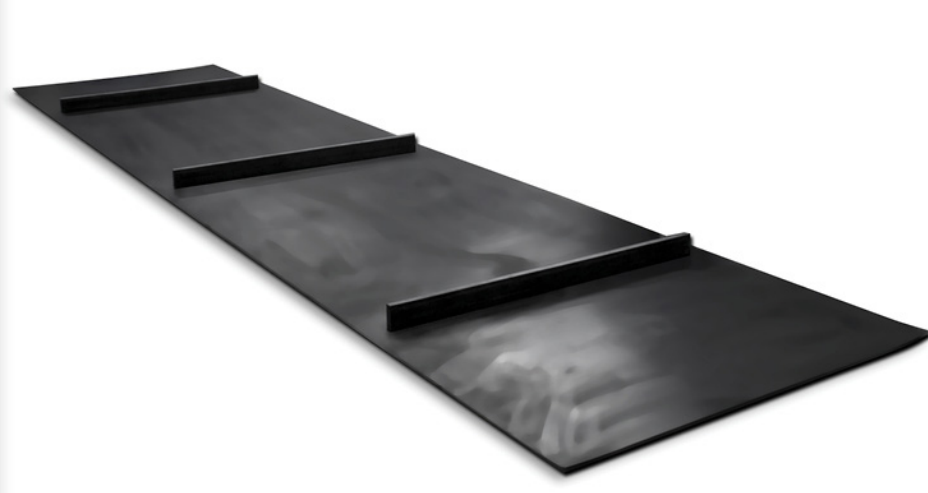

Efficiency is the heartbeat of this new building.
